# **ONLINE REGISTRATION GUIDE**

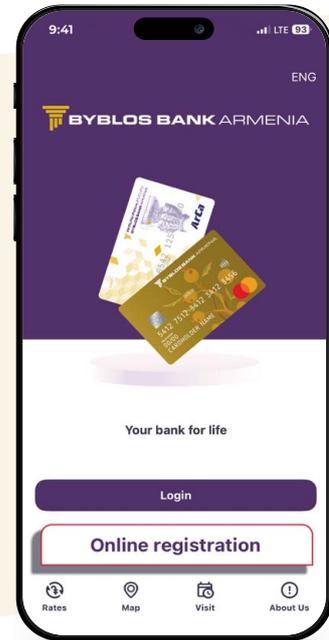

The Bank is supervised by the CBA.

## How to register online without visiting the Bank

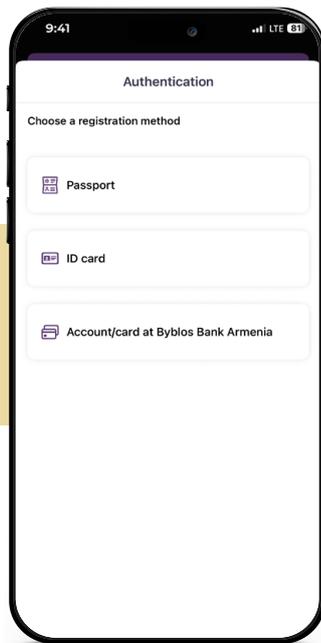

You can become a Byblos Bank Armenia customer and start using our online and mobile services anytime, anywhere. Just follow these simple steps:

1

Download the Byblos Mobile application and tap on "Online Registration"

2

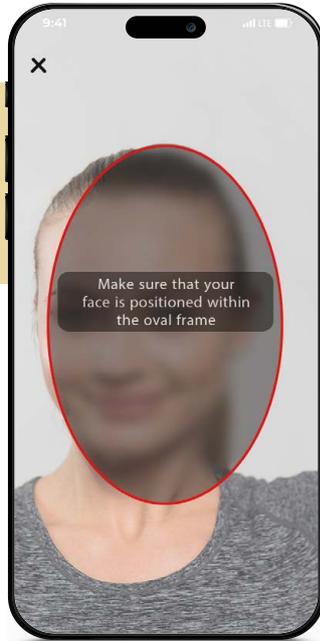

Choose your preferred identification method and review the terms for the processing and collection of personal data

3

Scan your ID/passport (tip: avoid light reflections on the document for best results) and confirm

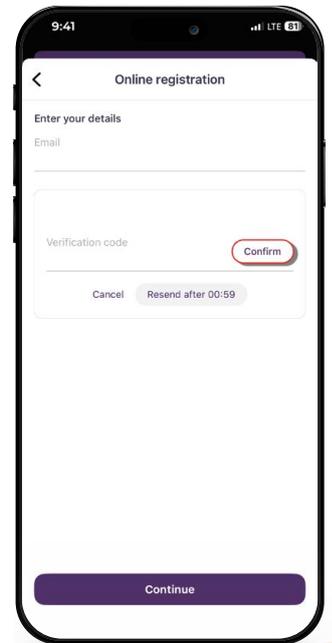

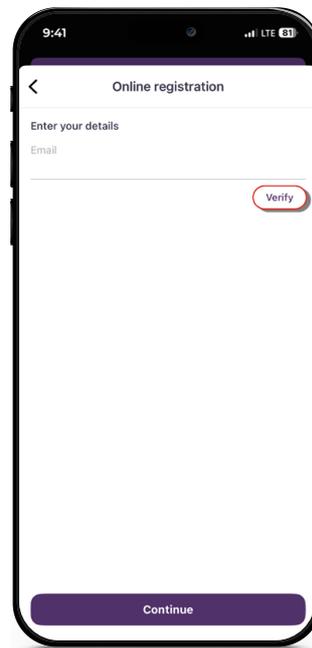

4

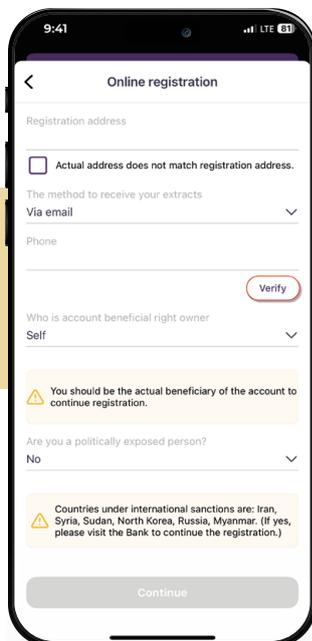

Scan your face, smile, then look down and up

5

Enter your email address, tap "Verify", then enter the verification code sent to your email and confirm it

6

Enter your phone number, tap "Verify", then enter the verification code sent to your phone and confirm it

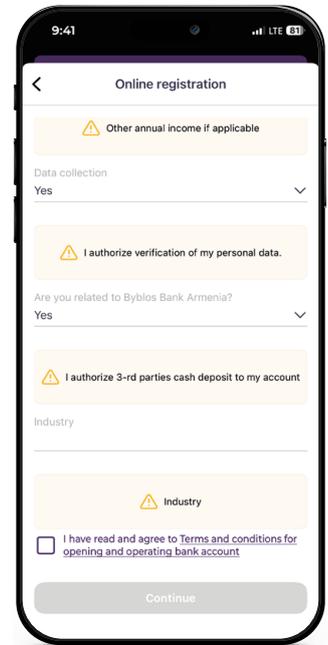

# 7

Provide your KYC and FATCA information, review the terms for account opening and operation, and confirm

And that's it! You're now a Byblos Bank Armenia customer.

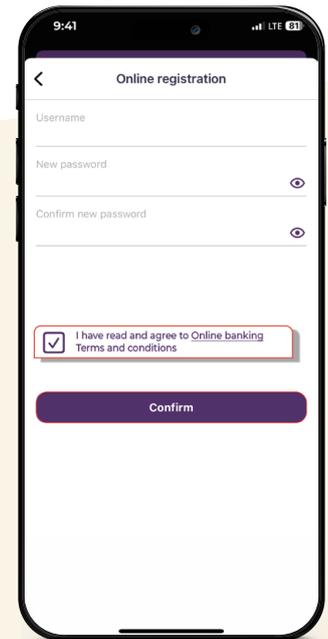

## How to create an Online Banking account

After successfully completing your registration, you can create an account in Online Banking and start using the secure and convenient features of the Byblos Mobile app – anytime, anywhere.

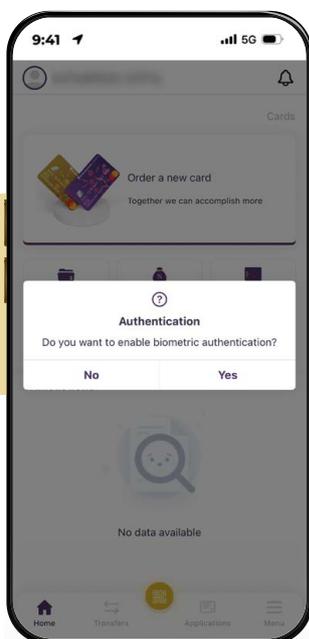

# 1

Create a login and password for Online/Mobile Banking, (Note: your password must be at least 10 characters long and include uppercase and lowercase letters, a number, and a symbol), accept the terms of service and confirm your registration

# 2

Set a six-digit code for future access to the system.

If you wish to log in using biometric data – fingerprint or Face ID – enable biometric authentication in the app.
