Your Financial Directory (fininfo.am) is an electronic platform that helps compare services offered to individuals and facilitates the selection of the most efficient option for you.

TERM DEPOSIT

Byblos Bank Armenia offers term deposits with interest rates and the possibility to collect interest upon maturity or opt for interim interest payout.

1

INTEREST RATE

CURRENCY	AMOUNT**	1 MONTH	3 MONTHS***	6 MONTHS***	12 MONTHS***	18 MONTHS***	24 MONTHS***
֏	1,000,000 - 300,000,000*	5.5%	6.75%	8.5%	9.25%	9.5%	9.75%
\$	3,000 - 1,000,000*	1%	2%	3.25%	4.75%	4.75%	5%
€	2,000 - 500,000*	0.25%	0.5%	1.25%	1.75%	2%	2.75%

APY is the same as the nominal interest rate.

In case per the depositor's request the term deposit is returned before maturity or before the emergence of circumstances described in the agreement, interest payable is calculated at the interest rate set by the Bank, provided that it does not exceed the interest accrued on the term deposit.

In the event of early maturity, the recalculation of all interests will be based on the effective interest rate set for Easy Save accounts:

CURRENCY	INTEREST
AMD	3.75%
USD	0.5%
EUR	0.1%

*For amounts exceeding the limits (including the sum of all acting deposits), interest rates are negotiable.

**The minimum amount of a term deposit for non-resident overseas clients is USD 30,000 or c/v in other currency.

***In case of monthly, quarterly, half-yearly or yearly interest payments, the nominal interest rate will decrease by 0.25 percentage points, except for 18- or 24-month AMD deposits, the nominal interest rate of which will decrease by 0.5 percentage points.

TERMS

Term deposits are attracted in AMD, USD and EUR.

The amount of the deposit is not changed during the tenor of deposit agreement.

In case the interest payable resulting from the early withdrawal is less than interest paid, the Bank retains the right to debit other accounts of the client or the principal of the term deposit with the difference.

In case the depositor doesn't request the amount at the end of maturity or when circumstances stipulated by the agreement emerge, the agreement is considered to be prolonged for the same period at the prevailing interest rate applicable at the renewal date, if nothing else is stipulated by the agreement.

During the effect of the deposit agreement the interest rate shall not be unilaterally decreased by the Bank.

At the end of the maturity of term deposit the principal is credited to the current account or demand deposit account, as the client chooses.

Interest is accrued on the term deposit account based on a 365-day (three hundred sixty-five) calendar year. The interests of Term deposit in Armenian drams shall be paid in Armenia drams. In case of foreign currency deposits, the interests shall be paid in Armenian drams or in foreign currency based on the Customer's choice, making necessary currency conversion into AMD at the exchange rate established by the Bank.

All disputes between the Bank and the client are subject to regulation in the courts of the Republic of Armenia. The claims/request of the client with respect to the servicing of the term deposit agreement can also be submitted to the financial mediator in accordance with the procedure defined in the Law on Financial System Mediator of the Republic of Armenia. The Bank may refuse to dispute the resolutions of the financial mediator if the property claim to the Bank does not exceed AMD 250 000 or its equivalent in any foreign currency, while the amount of the transaction does not exceed AMD 500 000 or its equivalent in any foreign currency. It means that the Bank is not able to dispute the resolution of the financial mediator, which satisfies the above-mentioned requirements.

The Bank acts as the tax agent of an individual depositor while paying the accrued interest according to the TAX Code of the Republic of Armenia, charges income tax in the amount of 10% of income (paid interest) and transfers it to the state budget of the Republic of Armenia.

Interest is calculated from the day of investment till the day prior to the maturity date.

ATTENTION

The interest on funds in your account is calculated on the basis of the nominal interest rate. The Annual Percentage Yield (APY), meanwhile, shows how much income you would earn if the interest were to be compounded to your deposit.

Deposit annual interest rate calculation sample

TENOR	1 year
INTEREST RATE	11%
CURRENCY	AMD
AMOUNT	5,000,000

Interest payable quarterly.

$$I = 5,000,000 * 11/100\% = 550,000 \text{ AMD}$$

Deposit annual interest yield calculation

$$A = \sum_{n=1}^N \frac{K_n}{(1 + APY)^{(D_n / 365)}}$$

Where:

A - the initial deposit amount,

n - sequential number of repayment,

N - last cash flow, generated under the deposit agreement (including cash flow on the day of deposit attraction), after which the deposit agreement matures,

Kn - mandatory cash flows at attraction and/or during the deposit agreement included the invested deposit and/or capitalized interest and other cash flows, if any,

Dn - a number, indicating the number of days since the attraction to the regular nth cash flow inclusive, in the event that cash flows at the time of deposit - D1 = 0.

3

DEPOSIT INSURANCE

The maximum amount and the calculation method of the guaranteed deposit.

The currency structure of the deposit	If you have a deposit only in AMD at the same bank	If you have a deposit only in foreign currency at the same bank	If you have deposits both in AMD and in foreign currency at the same bank	If you have deposits both in AMD and in foreign currency at the same bank
			If the deposit is more than AMD 7 million	If the deposit is less than AMD 7 million
The maximum amount of the deposit guarantee	AMD 16 million	AMD 7 million	AMD 16 million (only the deposit in Armenian drams is guaranteed)	AMD 7 million (the deposit in Armenian drams is fully guaranteed, while the deposit in foreign currency is guaranteed in the amount of the difference between 7 million Armenian drams and the guaranteed deposit in Armenian drams)
